# THE NAVAL HISTORY OF GREAT BRITAIN

From the Declaration of War by France in 1793  
to the Accession of George IV.

By William James.

In Six Volumes

*A New Edition with Additions and Notes  
Bringing the Work down to 1827.*

William James began this history, which has been described as one of the most valuable works in the English language, in 1819. It was originally published in five volumes (1822-1824) and was reprinted in six volumes (1826). It is a monument of painstaking accuracy and meticulously detailed with regard to dates, names, tonnage, armament and movement of ships.

The author wrote many hundreds of letters to the survivors of the events which he described and did his utmost to satisfy himself of the absolute truth of every reply he received. He read and digested all the despatches, logs, gazettes, previous histories, foreign reports and private narratives on which he could lay hands. He took a great deal of trouble to evaluate conflicting reports, carefully balancing opposing testimony with scrupulous impartiality. The work is arranged chronologically commencing with the first French Revolutionary War 1792/3 and concludes with the Battle of Navarin in 1827. Each volume includes annual abstracts and notes for the period it covers and is illustrated with charts and diagrams.

The present edition of the Naval History is a new impression of the Seventh Edition first printed in April 1886. There are a few changes in the arrangement of the sections into which the work is divided. These have been made for the purpose of equalizing the volumes, but there are no alterations whatever in the substance of the original text.

# THE NEW IDEA IN BANKING

Although the earliest recorded activity of any of the founder banks of Williams & Glyn's was over 300 years ago, this is the bank of the future. Because this is the bank you might have thought of yourself. This is the bank where the customer genuinely does come first. This is the bank where, with an eye to good business and not just an image, we have rebuilt our service around people's experience of banking with us.

And over 300 years is a very good foundation.

Williams & Glyn's Bank Limited offers all the services you expect of a good bank - and some you haven't even thought of yet.

For the private customer it provides the kind of swift, efficient and friendly service that somehow seems to have become a casualty of the computer age.

This, we know, is what you want a bank to be. That's why we've formed it.

## NOTES

Officers and others who may notice errors or omissions in the List are invited to communicate direct with

The Editor of the Navy List,  
Ministry of Defence (N.P. 2),  
Old Admiralty Building,  
Whitehall,  
London, S.W.1,

mentioning the ship and page in question. Communications should be marked "On Her Majesty's Service," and need not be stamped.

The Navy List is published three times a year—in the Spring, Summer and Autumn.

The Spring edition is the full edition, on sale to the public, and is published in March. The other editions are abridged and contain only the alphabetical list of officers of the R.N., R.M. etc., the list of ships and air squadrons, etc., with their key officers and a few other pages, but the Autumn edition also contains the seniority lists of R.N., R.M., Q.A.R.N.N.S., W.R.N.S. officers. The Summer and Autumn editions are published in June and October respectively.

To ensure earliest insertion, amendments should be sent to arrive before 28th February for Summer edition, 30th June for Autumn edition and 31st October for Spring edition.

The Navy List of Retired and Emergency List Officers is published in November every other year, the next edition being 1971.

The rates of pay, regulations, &c., are contained in a special sale publication entitled "Appendix to the Navy List," which is published annually in August.

Officers who succeed to peerages, baronetcies, or courtesy titles should immediately notify the Editor in order that the necessary alterations may be made in the Navy List and official records.

The degrees shown after Officers' names in the Navy List are not necessarily a complete list of those held, but, generally speaking, are confined to degrees of an honorary nature conferred specially upon an Officer, and those which are so related to the professional duties of an Officer as to give some indication of his professional qualifications.

**This edition of the Navy List is corrected to include those promotions, appointments, etc., promulgated on or before 31st October, 1970 as becoming effective on or before 28th February, 1971.**

The above list is issued for the information of Captains of Her Majesty's Ships with reference to the provisions of Article 1252 of the Queen's Regulations and Admiralty Instructions, under which they are authorised to ascertain whether British Merchant Ships (including Fishing Vessels) flying the Blue Ensign of Her Majesty's Fleet are legally entitled to do so.

2. The detailed regulations issued by the Ministry of Defence (Navy Department) and the Board of Trade lay down the following conditions relative to the wearing of the Blue Ensign:—

The Blue Ensign is not to be worn if—

- (a) from any circumstances, the Officer to whom the Warrant was issued is not in command of the ship;
- (b) the number of persons qualifying as "reservists" (see *Note* below), in addition to the Commanding Officer, is less than the following requirement:—
  - (i) in a ship other than a fishing vessel, one reservist officer,
  - (ii) in a fishing vessel, four reservists,

unless it can be shown by the endorsements on the Agreement or by entries in the official log, that the reduction in the number has been caused by death, sickness, desertion, or joining a British Man of War, or by some unavoidable casualty.

3. Commodores and Captains on the active or retired lists of the Royal Naval Reserve or Commonwealth Naval Reserves qualify for the privilege in their own right, without the requirement of a number of reservists.

4. Article 1252 of Queen's Regulations and Admiralty Instructions prescribes the action to be taken by the Captain of one of Her Majesty's Ships if a merchant ship is found to be wearing the Blue Ensign without the Warrant or otherwise not complying with the foregoing regulations.

*Note.*—"Reservists" can include Officers and men of the Royal Naval Reserve or of a Commonwealth Naval Reserve, time-expired ratings who have completed 20 years' service in the Royal Naval Reserve, members of the Royal Naval Special Reserve, Officers on the retired or emergency lists of the Royal Navy or of a Commonwealth Navy, men belonging to the Royal Fleet Reserve, Royal Naval Pensioners and Royal Marine Pensioners.

## KING GEORGE'S FUND FOR SAILORS

### 1, CHESHAM STREET, LONDON, S.W.1

Recognised by the Ministry of Defence (Navy) and the Board of Trade as the Central Fund for the Marine Benevolent and Welfare Institutions throughout the Commonwealth. It makes allocations to nearly 100 Royal Navy, Merchant Navy and Fishermen's Societies meeting the needs of officers and ratings past and present, of both sexes, and their dependants.

**The objects of the Fund are:**

- (a) To secure more financial support for approved Marine Benevolent Institutions within the Commonwealth.
- (b) To allocate grants to such societies according to need.
- (c) To advise as to the appropriate society to deal with any individual cases of need which may be brought to its notice.

It also maintains the Central Bureau for Naval Officers' Charities, providing liaison between the societies and advice to Officers and ex-Officers of the Royal Navy, and their dependants, who are in difficulties.

King George's Fund for Sailors needs your help. King George's Fund for Sailors cannot make grants to individuals but if you are in need of assistance yourself you are invited to communicate confidentially with the General Secretary for advice.

## ROYAL NAVAL BENEVOLENT TRUST

### HEAD OFFICE: HIGH STREET, BROMPTON, GILLINGHAM, KENT

The R.N.B.T. is the central benevolent organisation for assisting the "past, present and future" men of the Royal Navy. It is administered by a central committee, and three local committees. All the powers of the Trust are vested in and exercisable by the central committee acting either directly or by delegation to the local committees namely one each for the ports of Chatham, Devonport and Portsmouth. There is also a subsidiary committee of R.N.B.T. corresponding representatives on the Mediterranean station with an office at 2, Harper Lane, Floriana, Malta, G.C.

**The objects of the Trust are:**

- (a) to provide relief in cases of necessity or distress to those who have served or are serving as non-commissioned officers and men in the Royal Navy;
- (b) to make provision of training for such persons for civil life and assistance in order that they may obtain suitable employment after leaving the Service;
- (c) to make contribution either directly or through the agency of other benevolent or educational institutions to the care, training, maintenance and welfare of the families and dependants of such persons in cases of necessity or distress.

In carrying out its primary beneficial objects, the Trust supports and co-operates with many other organisations whose work is known to benefit Naval men and their dependants. Grants are made to maternity homes, convalescent and rest homes, homes for the aged and the disabled, children's homes and schools, training and treatment centres and many others. The Trust also makes large annual grants to the National Association for the Employment of Regular Sailors, Soldiers and Airmen as the Navy's share of the cost of finding employment in civilian life.

The Trust administers and maintains the Naval School of Motoring, Twyford Avenue, Portsmouth, and Pembroke House (Home for aged ex-naval men), Oxford Road, Gillingham, Kent.

The Trust also administers **The Royal Naval Fund** in accordance with the terms of its Trust deed. The funds available consist mainly of the interest derived from the investment of the surplus proceeds of the Royal Naval Exhibition of 1891. The income so derived is expended in affording assistance to the widows, orphans or other dependent relatives of Seamen and Marines who have died while in the service of the Crown

(i.e. borne on the books of one of H.M. Ships or any of the Royal Marine Divisions at the time of decease), or within a period of fifteen years after discharge from the Service—provided the applicant is not in receipt of a service dependant's pension.

*Requests for further information should be addressed to the General Secretary at the Head Office.* Applications for assistance are considered by the local committees and should be made as follows:

*R.N.B.T., Batchelor Street, Chatham:* Chatham Port Division; Royal Marines, Deal; ex-serving R.M.-numbered Royal Marines; R.N. Patrol Service; Boom Defence Service; Naval Canteen Service (limited); R.N.V.R. (R.N.R.)—London, Tyne and Humber Divisions.

## GREENWICH HOSPITAL

**Royal Hospital School, Holbrook, Suffolk.** (*Headmaster—N. A. York, Esq., M.A.*). Admission to the School, which is maintained by Greenwich Hospital, is restricted to the sons of British subjects whether by birth, naturalisation, registration, or by citizenship who are the sons of:

- (a) commissioned officers, non-commissioned officers, petty officers, and men serving, or having served, in the Royal Navy or Royal Marines;
- (b) officers and men of the Royal Naval Reserve; and
- (c) other seafaring men and men drowned on lifeboat service.

Priority is given to those whose father's death is attributable to naval or lifeboat service and to other orphans. Other things being equal, preference is given to the sons of those who have served as ratings.

Applications for admission should be made to the Director of Greenwich Hospital at the address given below as soon as boys reach the age of 9½ and before the age of 10½. Applications on behalf of over-age boys can be considered only where there are exceptionally strong compassionate circumstances, e.g., death of a parent. After educational and medical examinations, entries to the School are made in September, January and April, and places are allotted as they become available after the boy reaches the age of 11½.

No fees are charged for boarding or clothing. The current fee for tuition is £120 a year. Parents and guardians are responsible for maintenance during the School holidays, for fares to and from School, and for reasonable pocket money. Serving personnel may be eligible for Navy Education Allowance, details of which can be obtained from Supply Officers. Parents who are leaving the Service (or who have left it) are entitled to apply to their Local Education Authority for assistance with tuition fees.

The School is an independent civilian School with two grammar school streams and three secondary modern streams offering a full secondary school curriculum on the basis that all boys will complete a five-year course and during the Summer term of their fifth year will take the appropriate nationally recognised first School Leaving Examination, i.e. G.C.E. 'O' level for boys in the grammar school streams and C.S.E. for boys in the secondary modern streams.

Some boys then leave to start their careers, but for boys nominated on the basis that they are likely to profit by them, the following further courses are available:—

either

(a) for boys of requisite ability the standard Vith form course of two (or in some cases three) years leading to G.C.E. 'A' level examination, success in which qualifies boys academically for entries to the Universities and Professions and for Cadetships in the Armed Forces;

or

(b) for boys from all streams, a one-year course affording the opportunity to aim at certain G.C.E. 'O' level subjects in which they will at any rate be able to profit by, and participate fully in, the academic courses involved.

Despite the School's strong naval traditions, boys are quite free to aim at the career of their choice, and the fullest careers guidance is given to all.
